To the President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

I have this day approved with my signature and delivered to William A. Boyce, Jr., City Clerk, the following ordinance:

SPECIAL ORDINANCE No. 17, 1930

January 4, 1930.

To the President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

I have the honor of presenting to your Honorable Body for consideration the offer of the General Outdoor Advertising Company to construct, erect and maintain a luminous tube electric sign at the Holt entrance of the Municipal Airport.

Recently this company very generously made this offer and it was presented to the Board of Public Works on December 27, 1929, and I wish to call attention to the resolution of such board, a copy of which I herewith enclose, in which the offer was accepted and approved, and a suitable entrance was authorized to be constructed, the plans for which are now under way.

It is suggested to your Honorable Body that the offer of the General Outdoor Advertising Company, being in the nature of a gift or donation to the city, should be accepted and the entrance, which is now known as the north entrance leading from the national road south into the airport area, be named and designated the "Holt Entrance," so as to identify it and distinguish it from the entrance at the east end of the airport area.

A resolution of your Honorable Body following the lines of the Board of Public Works would be sufficient in the premises.

Very truly yours,

L. ERT. SLACK,
Mayor.

December 27, 1929.

WHEREAS, It is deemed advisable to improve and designate the name for the north entrance to the Indianapolis Municipal Airport;

WHEREAS, The General Outdoor Advertising Company have generously proposed and offered to construct, erect and maintain the luminous tube electric sign at said entrance.

THEREFORE, BE IT RESOLVED, By the Board of Public Works, that the north entrance of the Municipal Airport be named and designated Holt Entrance, and that the offer and proposal of the General Outdoor Advertising Company made in their letter to Mayor L. Ert. Slack December 27, 1929, "copy of which is made a part of this resolution," is accepted with full appreciation of this Board, and the Superintendent of the Municipal Airport is authorized and directed to cause to be constructed certain entrance work in accordance with plans prepared by said General Outdoor Advertising Company and said Superintendent, which are approved by this Board.

Board of Public Works.

January 4, 1930.

To the President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

On the 31st day of December, 1928, pursuant to Resolution No. 8, 1928, adopted by the Common Council, the city entered into a written contract with Messrs. Fred C. Gause and John W. Holtzman, attorneys, whereby they became counsel for the City of Indianapolis in relation to the Citizens Gas Company and the litigation involving rights, title and interest of the city therein at a salary of $7,500.00 each per year.

By the terms of the resolution and the contract it is provided: "that if said matters are not finally disposed of at the end of the year 1929 said employment may be continued subject to the approval of the governing body of the City of Indianapolis, until all matters aforesaid are finally closed, at the same rate of compensation, to be computed and paid each year or part thereof until the close of the said services, etc."

The Mayor and Controller are authorized to execute the contract subject to the approval of the said governing body, namely, the City Council. The litigation is still pending in the United States District

Court at Indianapolis and the counsel employed are engaged in that litigation and handling the situation in a most acceptable manner. It is quite necessary that the employment should be extended under the terms of the resolution and original contract.

Therefore, the Honorable Sterling R. Holt, present City Controller, and myself have executed an extension of the contract for a period of one year beginning January 1, 1930, and I have the honor to herewith enclose and present such original contract with the extension so executed for the approval of your Honorable Body.

It is needless to state or outline the importance of this litigation in which the City of Indianapolis has a very great interest in protecting its rights and ownership of the Citizens Gas Company, and we do not hesitate to approve and request of your Honorable Body approval of the extension of this contract with the counsel of the city who are now and for some time have been engaged in this litigation.

Respectfully submitted,

L. ERT. SLACK,
Mayor.

INTRODUCTION OF ORDINANCES

By Board of Sanitary Commissioners:

GENERAL ORDINANCE No. 10, 1930

AN ORDINANCE appropriating money from the cash balance which the Board of Sanitary Commissioners had on hand in its Sanitary Maintenance and General Expense Fund on January 1, 1930, and now has on hand, and transferring said money so appropriated to certain numbered funds and fixing the time when the same shall take effect.

WHEREAS, The Board of Public Works of the City of Indianapolis has transferred and turned over to the Board of Sanitary Commissioners of the Sanitary District of Indianapolis the property in said city at Meridian street near the Westfield Boulevard, said property being a plant consisting of a pumping station, building equipment and appurtenances thereto, upon the understanding that said plant be operated and maintained by said Board of Sanitary Commissioners, all as provided in a resolution of said Board of Public Works, passed on the 31st day of January, 1930; and,

WHEREAS, The pumping equipment in said plant is inadequate to dispose of the sewage brought to said plant by the sanitary sewers draining into the same, and as a result thereof White River is being polluted, in that much of said sewage is now being discharged into White River; and,

WHEREAS, There is now, and for some time has been, a large amount, to wit: over 4,000,000 gallons of water per day, of infiltration into the sewer system known as the Fifty-eighth and Sixty-first street sanitary sewerage system, which infiltrated water flows into the pump pits at said plant above referred to, and which infiltration can be greatly reduced by the use of test wells for observing the elevation of ground water and the effect of lowering the ground water level when pumps are put into operation and by the repair of large defects in said sanitary sewerage system and by the construction of any pipe lines that may be necessary to convey such ground water to other sewerage systems; and,

WHEREAS, Much general pollution now occurring of the water courses of White River, Fall Creek, Pleasant Run and Pogue's Run can be eliminated by regulating intercepting sewer connections from combined sewers to interceptors, removing obstructions therefrom and making continuous inspection thereof in order to prevent the impeding of the flow from said intercepting sewers; and,

WHEREAS, The specific pollution of Pogue's Run now occurring can be largely eliminated by making the necessary excavations to lower the bed of Pogue's Run from New York street north for a considerable distance, thereby preventing obstructions in the connecting pipes at the junction of various combined sewers with the Pogue's Run interceptor and the consequent washing of filth into said sewers; and,

WHEREAS, No appropriations were made by the Common Council, in the budget of said Board of Sanitary Commissioners for the year 1930, for the various items above described; and said Board of Sanitary Commissioners had on hand in its Sanitary Maintenance and General Expense Fund on January 1, 1930, and now has on hand the sum of $166,962.54, all or any part of which sum is available (when duly transferred and appropriated by the Common Council from said unexpended balance to certain numbered funds in said Board's budget) for expenditures for the purpose of doing the work required for the various items above described; and,

WHEREAS, The failure to make any appropriation in said budget for 1930 of said Board of Sanitary Commissioners for said various items above described give rise, in view of the conditions now existing as set out in the foregoing paragraphs, to an extraordinary emergency which should be met by the transfer and appropriation hereinbelow ordered to be made, of the aggregate sum of $61,500.00 from said balance of $166,962.54, in said Board of Sanitary Commissioners Sanitary Maintenance and General Expense Fund to the numbered funds shown below.

THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That the total sum of $61,500.00 be appropriated from said cash balance of $166,962.54 in said Board of Sanitary Commissioners Sanitary Maintenance and General Expense Fund and be transferred to the following numbered budget items of said Board of Sanitary Commissioners, viz.:

To Fund VI-72.....$9,500.00
To Fund VI-71..... 500.00
To Fund VI-11..... 1,500.00
To Fund VI-22..... 5,000.00

All of said four above made transfers being made for the purpose of furnishing funds to operate in the year 1930 said plant at Meridian street near Westfield Boulevard.

To Fund VI-12..... $5,000.00
To Fund VI-22..... 3,000.00
To Fund VI-72..... 12,000.00

The three last made transfers being made for the purpose of furnishing funds to prevent said infiltration into the Fifty-eighth and Sixty-first street sanitary sewerage system above referred to.

To Fund VI-11..... $3,600.00
To Fund VI-72..... 1,400.00

Said $3,600.00 being for salaries in 1930 for a stream purification engineer and two assistants and said $1,400.00 being for a 1½ ton truck and tools, said last made transfers being made for the purpose of preventing the general pollution of the water courses above described.

To Fund VI-25.....$15,000.00
To Fund VI-11..... 1,500.00
To Fund VI-44..... 3,500.00

All of said three last made transfers being made for the purpose of preventing the specific pollution of Pogue's Run as above described.

Sec. 2. This ordinance shall take effect from and after its passage and publication according to law.

Which was read a first time and referred to the Committee on Finance.

On motion by Mr. Morgan, seconded by Mr. Tennant, the Common Council adjourned at 8:10 p. m.

March 17, 1930.

To the Honorable President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

On or about February 20, 1930, a representative of the Aeronautics Branch of the United States Department of Commerce, Mr. John E. Sommers, visited Indianapolis at the invitation of Mayor Sullivan. Mr. Sommers went over the airport situation thoroughly with Mayor Sullivan, members of the Council, the Board of Public Works, Mr. M. G. Johnson, Assistant City Engineer, and myself.

At that time Mr. Sommers gave us verbal recommendations as to the layout and planning of the airport. We have recently received a letter confirming these recommendations. In following Mr. Sommers' recommendations, the administration building has been relocated. This entailed the necessity of coming to an agreement with the general contractor, Mr. C. T. Caldwell, as to the amount due him for work com-

pleted and other incidental expenses. This amounted to a total of $2,106.80, which is to be added to his original contract, and which amount was approved by the Board of Works on March 14, 1930.

The water supply and storm drain systems for the building have been redesigned by the Rotz Engineering Company and we are now ready to receive bids on these, as well as the septic tank and sewage system, designed by Mr. Johnson. It was necessary to obtain the approval of the State Board of Health on the design of the septic tank, which has been done.

The lease on the tract of ground to be used for the Radio Beacon Station, which was approved by your honorable body at your last meeting, has been executed, and at the present time the operator of the station is now in the city making the necessary arrangements for the construction of their building, etc.

Mr. C. H. Underwood, chemist, has just completed a thorough analysis of the soil of the airport, in regard to drainage and sub-grades for the runways. This required approximately three weeks and is of very great value to this department.

The new location of the runways is approximately as shown on the accompanying sketch. These runways are to be of a hard surface, approximately 150 feet wide by 2,500 feet long. The first two are to be put in running north and south and northeast, southwest. If we have enough money, we will also include a runway in a southeast, northwest direction.

At the present time Mr. Johnson is estimating the amount of grading necessary to make a portion of the northeast corner of the field, approximately 3,500 feet square, available for flying at the earliest possible date.

We expect in the next few weeks to ask for bids on the construction of runways, grading, clearing and grubbing, and other incidental work on the airport, and hope to have all this work completed so that the field can be used some time the latter part of this summer.

Respectfully submitted,

PAUL H. MOORE,
Superintendent, Municipal Airport.

March 17, 1930.

To the Honorable President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

Attached please find copies of General Ordinance No. 23, 1930, amending Appropriation Ordinance No. 10, 1929, being the budget appropriation ordinance of the City of Indianapolis for the fiscal year beginning January 1, 1930, and ending December 31, 1930, by correcting typographical error under Section 12-1, Sewer Department, and typographical error under Section 12-3, Street Commission.

Yours very truly,

WM. L. ELDER,

February 17, 1930.

Mr. Sterling R. Holt, City Controller, City Hall:

Dear Sir:

The Board of Public Works requests that you cause to be prepared an ordinance, or resolution, providing for the correction of certain clerical errors in the 1930 budget, to wit:

In 12-1 Sewer Department, the basin truck drivers are listed at 50c per hour. This should read 55c per hour, as the total appropriation for this department was made on a 55c basis.

In 12-3 Shelby Street Garage, this title is erroneous, as it is listed as Unimproved Streets Department. Same should be corrected to read Shelby Street Garage.

These corrections will in no way affect the amount of the appropriation, and inasmuch as this will affect an appropriation ordinance, the Board of Public Works requests your recommendation thereon.

Yours very truly,

ERNEST F. FRICK,
Secretary, Board of Public Works.

"EXHIBIT A"

March 10, 1930.

Board of Public Works, Indianapolis, Indiana:

Gentlemen:

Pursuant to your request, we herewith submit for your consideration proposal for furnishing steam heating service for the City Hall Building, Alabama and Ohio Streets.

The Company proposes to furnish steam heating service to this building under blanket billing arrangement with the Municipal Garage and Fire Headquarters Buildings at 225-237 N. Alabama Street.

Under this arrangement the cost per thousand pounds of steam for the City Hall Building would be at the last step of rate or 65 cents per 1,000 pounds.

With automatic regulation the steam consumption per heating season would be between 4,200,000 pounds and 4,500,000 pounds. Under combined billing basis the cost would be as follows:

4,200,000	lbs.	@	65c	$2,730.00
4,300,000	lbs.	@	65c	2,795.00
4,400,000	lbs.	@	65c	2,860.00
4,500,000	lbs.	@	65c	2,925.00

The Company will furnish Duo-Stat Automatic regulating equipment (only) for the sum of $253.00. This equipment consists of—

1 Raymond Duo-Stat
1 Raymond Motor Control
1 Mercoid Thermostat (for night control)
1 Mercoid Pressure Control

In addition to this equipment a 5-inch "Davis" balanced valve will be necessary, which will be furnished by the contractor or steam-fitter making necessary connections and changes for the use of central station service.

The estimated cost of material and labor (in addition to duo-stat control) is $750.00. This includes cost of wiring for automatic control, but does not include cost of changes in reheat coils for utilization of condensate from heating system.

The Company will extend a 6-inch main into building without cost to city.

Through arrangement of blanket billing for different buildings herein mentioned, the cost of heating service for the garage and fire station buildings will be reduced.

Yours very truly,

To the Honorable President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

Attached hereto are fourteen copies of General Ordinance No. 37, 1930, amending the zoning ordinance of the city. The purpose of this ordinance is to create a retail business district at the intersection of East 10th Street and Arlington Avenue.

The City Plan Commission respectfully recommends the passage of this ordinance.

Very truly yours,

Secretary-Engineer, City Plan Commission.

April 19, 1930.

To the President and Members of the Common Council of the City of City of Indianapolis, Indiana:

Gentlemen:

Please be advised that at a public opening of bids for coal at the City Hospital the following proposals were received, and after referring this matter to the Board of Health it was duly decided to award this bid to the Peoples Coal and Cement Company on a bid of $2.63 per ton, which was the lowest and best bid. It is requested that your honorable body authorize an appropriation in the amount of $26,300.00 to cover this expenditure. I may state this coal was purchased at a saving of 20 cents per ton over last year's price, making a net saving to the city of approximately $2,000.00.

To the President and Members of the Common Council of the City of City of Indianapolis, Indiana:

Gentlemen:

Since the last report made by this department on March 17, 1930, the Radio Beacon Station has been practically completed, and the operator expects to have it in operation in a few weeks. Although this station will be operated at the Municipal Field, it will not be necessary for the pilots to land at this field until we are ready for them. It is merely for the convenience of those using the Mars Hill Field.

Mr. Armington, the local representative of the United States Weather Bureau, informs me that he has been supplied with equipment to install a complete Weather Bureau at the Municipal Field. This will include upper air observations and the hourly weather reports from all over the United States. This service is gratis, and in return space has been provided on the second floor of the Administration Building for the Weather Bureau offices.

Plans and specifications for all work except the field lighting and fueling equipment are now on file in the office of the Board of Works, and bids are being asked for at this time. This contract will be awarded

shortly after May 5th, and the contractor should be at work within a few days after this date.

The lighting and fueling systems are now being designed and specifications written by the Rotz Engineering Company, and we expect to receive bids on these two systems some time during the early part of May.

The building construction is progressing very nicely, about half of the basement being excavated at this time, and the concrete for part of the footings has been poured.

The 12-inch well that has been contracted for is now being sunk, and it is expected that this work will be completed within the next thirty days.

Respectfully submitted,

PAUL H. MOORE,
Superintendent, Municipal Airport.

At this point Mr. Henry entered the Council Chamber and was counted present.

Mr. Tennant asked for a recess. The motion was made and seconded by Mr. Wheatley and the Council recessed at 7:45 p. m.

The Council reconvened from its recess at 8:30 p. m. with the same members present as before.

May 19, 1930.

To the Honorable President and Members of the Common Council of the City of Indianapolis:

Gentlemen:

During my trip to attend the Second National Airport Managers' Conference, held in Buffalo, New York, I visited between forty and

fifty airports in Michigan, New York, Pennsylvania and Ohio. Among the larger of these fields were Wayne County, Ford, Detroit Municipal and Grosse Ile, all located in and around Detroit; the Buffalo Municipal Airport at Buffalo; the Erie, Erie County and Issodum Airports near Erie, Pennsylvania; and the Akron, Cleveland and Columbus Municipal Airports in Ohio.

In most every case I was surprised to find that the ports are not nearly so well equipped nor in such fine condition as is claimed in the newspaper and magazine reports that we have been reading recently. However, I was able to obtain some very valuable information and ideas that can be applied to the Indianapolis Field.

The Airport Managers' Conference was very interesting and many valuable ideas were brought forth. This meeting was attended by airport managers from all over the United States and about six or eight from the Dominion of Canada. The meetings consisted mostly of round-table talks and discussions by these gentlemen and many problems of airport management and construction were discussed and a few solved.

One outstanding thing that was accomplished at this conference was that all airport executives agreed that there should be a standard set of rules and signals for flying on and around airports, in order that there will not be confusion and accidents. As a result, a committee was appointed, which included two representatives from Canada, to draw up a standard set of flying rules and regulations that could be applied to any airport in the United States or Canada. This set of rules, I feel sure, will be adopted by all of the larger airports in the United States and Canada. We, however, did not go into the signal system for controlling air traffic or airports, as it was felt that equipment for this type of signal had not been perfected to a point where it would be practical to adopt as a standard.

After talking to these men and finding out what the various cities have done, and how much it has cost, I was very much encouraged as to the future of the Indianapolis Airport. We undoubtedly have the best airport site in the United States, and we are buying our land and putting in practically the same amount of equipment for approximately $700,000.00 that has cost other fields from $2,000,000.00 to $5,000,000.00.

Upon my return I find that the building contractor has completed pouring the walls and footings for the front section of the building, and has completed the excavation of the ramp-ways.

The well driller is progressing nicely and has the well down about 350 feet.

The contract on the construction of runways, etc., as you know, has been awarded and Mr. McCalman expects to start work in the next few days.

Plans and specifications for a complete lighting system of the field have been completed and are now ready to be advertised for bids.

Respectfully submitted,

PAUL H. MOORE, Supt.,
Municipal Airport.

Mr. Welch asked for a recess. The motion was made, and seconded by Mr. Henry, and the Council recessed at 7:45 p. m.

The Council reconvened from its recess at 9:15 p. m., with the same members present as before.

Sec. 2. The City Controller shall, as soon as practicable after the passage of this ordinance and after the publication of the notice of the herein determination to issue such bonds, as provided in Section Eight (8) hereof, advertise for bids or proposals for said bonds by at least one (1) insertion each week for two (2) weeks in two (2) daily newspapers of general circulation, printed and published in the City of Indianapolis, Indiana, and may otherwise advertise for such bids or proposals as he may deem advisable. Said advertisements shall describe said bonds with such minuteness and particularity as the City Controller may see fit and shall set forth the amount of the bonds to be sold and the rate of interest they may bear; that the bidder may bid for all or any part of said bonds, the date of opening bids or proposals therefor, the right

of the City Controller to reject any or all bids, the amount of deposit which each bidder will be required to make, and when and where the bonds shall be delivered and paid for.

Sec. 3. Each and every bid and proposal shall be presented to the City Controller sealed and shall be accompanied by a duly certified or cashier's check upon some responsible bank or trust company of the City of Indianapolis, Indiana, payable to the order of the City Treasurer of said city for a sum of money which shall equal two and one-half (2½%) per cent of the face or par value of the bonds bid for or proposed to be purchased. The City Controller shall continue to receive all bids or proposals therefor at the office of the City Controller in said city until eleven (11) o'clock on the day fixed by the City Controller and designated in the advertisement for receiving bids or proposals, at which time and place and between the said hour of eleven (11) o'clock and twelve (12) o'clock noon of said day he shall open said bids or proposals. The City Controller shall award said bonds or, as he shall see fit, a part or any number thereof to the highest and best bidder therefor, but said City Controller shall have the right to reject any and all bids or proposals or any part or parts thereof and shall have the right to accept a part of any bid and to award upon any bid the whole or less number of bonds covered by such bid, he being the sole judge of the sufficiency or insufficiency of any bid. He may also in his judgment and discretion award a part of said bonds to one bidder and a part to another bidder. These provisions shall apply to the case of reoffering and readvertising of said bonds as hereinafter provided for.

Sec. 4. In case the City Controller shall reject all bids submitted, or if he shall award only a part of said bonds, he shall readvertise the bonds remaining unsold in the manner as herein prescribed for the original advertisement, but in such readvertisement he is authorized and directed to fix the date and the time both of receiving and opening bids or proposals, and for purchasers to take up and pay for the bonds which may be awarded. And he shall continue from time to time in like manner to readvertise said bonds for sale until said bonds are sold.

Sec. 5. In case any bid or proposal shall not be accepted and there shall be no award of bonds thereon by the City Controller, he shall thereupon return to such unsuccessful bidder the certified or cashier's check accompanying the same. If the City Controller shall award the whole or any part of the bonds upon any bid or proposal he shall thereupon deliver the certified or cashier's check accompanying the same to the City Treasurer, who shall thereupon present the same for payment and shall be entitled to collect the same and shall hold the proceeds collected thereon until the completion of the purchase and the payment

for the bonds so awarded. If, for any reason, said check shall not be paid upon presentation such non-payment shall be taken and deemed a breach of the contract for the purchase of said bonds on the part of the purchaser, and the city in that event shall have the right to readvertise said bonds for sale at once and shall, in such event, retain said check and shall have the right to collect the same for its own use, and said check and proceeds thereof, when collected, shall be taken and deemed as agreed and liquidated damages for such breach of contract and as a payment thereof to the city. In case any successful bidder shall fail to complete the purchase of the bonds so awarded and to pay for the same within the time and manner herein required, or which may be prescribed by the City Controller as herein provided, the proceeds of such certified or cashier's check deposited by such bidder shall be taken, considered and deemed as agreed and liquidated damages for the breach of such bidder's contract of purchase, and shall be taken and deemed as a payment to the city for such damages, and shall be retained and held by said city for such use, but if such successful bidder shall complete the purchase of said bonds awarded to him pursuant to the provisions hereof and his bid and award thereon said proceeds of said certified check shall thereupon be returned to such bidder or, at the option of the City Controller at the time of the completion of the sale and payment for the bonds, said proceeds of said certified check may be applied and deemed a payment on account of the purchase of said bonds.

Sec. 6. Delivery of any bonds sold shall be made at the office of the City Treasurer of the City of Indianapolis, Indiana, upon such day or days as may be specified in the advertisement or readvertisement for proposals or within such time thereafter as may be fixed by the City Controller and the purchaser, and the City Controller may extend the time for such delivery not more than ten (10) days after the day or days specified or agreed upon as above provided. The successful bidder shall take the bonds awarded to him and pay for the same at such place and time, and his refusal or neglect or omission so to do shall be a breach of the contract of his bid or proposal, on account of which damages shall be retained or recovered as liquidated as provided in this ordinance.

Sec. 7. The bonds taken and paid for to the satisfaction of the City Controller shall be binding obligations upon the City of Indianapolis, according to their tenor and effect, and the proceeds derived from the sale or sales of bonds as herein authorized shall be and hereby are appropriated to the Department of Public Health and Charities to be used by it for the purposes mentioned in Section One (1) of this ordinance.

Sec. 8. The Mayor, City Controller and the Corporation Counsel are hereby authorized and directed to publish notice of the herein determination to issue bonds as required by law.

By Board of Health:

GENERAL ORDINANCE No. 53, 1930

AN ORDINANCE ratifying, confirming and approving a certain contract entered into on the 2d day of May, 1930, between the City of Indianapolis, Indiana, acting through the Board of Health with the approval of the Mayor, and Eli Lilly and Company, and fixing a time when the same shall take effect.

WHEREAS, The City of Indianapolis, acting through the Board of Health with the approval of the Mayor of said city, on the 2d day of May, 1930, entered into a certain contract with Eli Lilly and Company, an Indiana corporation with its principal place of business at Indianapolis, Indiana, providing for the installation, operation and maintenance of a research laboratory in the new Out-Patient, Service and Laboratory Building at the Indianapolis City Hospital, which contract is in words and figures as follows:

"AGREEMENT

THIS AGREEMENT made and entered into by and between the City of Indianapolis, a municipal corporation of the first class under the laws of the State of Indiana, hereinafter designated 'the City,' by and through the Board of Health, and Eli Lilly and Company, a corporation organized and existing under the laws of said state, with its office and laboratories in Indianapolis, in said state, by its president, thereunto duly authorized, hereinafter designated 'the Company,' WITNESSETH:

WHEREAS, The city in the management and operation of its City Hospital is in need of modern scientific facilities for medical research for the benefit of the patients of said Hospital in the treatment, alleviation and cure of their diseases and disabilities, and for the assistance of the medical profession in its services at said hospital; and,

WHEREAS, The company is willing to furnish, equip and maintain such facilities for such purposes as a donation to the city and an aid to medical science, on the terms and conditions herein stated, and in further consideration of such indirect benefits as may accrue to it by observation of the results of the research that shall be conducted at such hospital.

NOW, THEREFORE, In consideration of the mutual benefit to the parties hereto, it is HEREBY AGREED:

1. The city will provide adequate and suitable quarters in the proposed Out-Patient, Service and Laboratory Building to be erected at the Indianapolis City Hospital for a medical research laboratory and wards connected therewith and designated for such purposes on the plans for said building heretofore prepared by Robert Frost Daggett, architect, and approved by the Board of Health, will keep the same available for such purpose and will furnish and provide therefor adequate and modern lights, heat, water, gas, telephone and laundry service necessary for the operation of such research wards, laboratories and offices connected therewith, and for the patients, attendants, nurses and employees thereof, except as hereinafter provided, all at its own expense.

2. The Company will select, furnish and compensate, at its own expense, a director of research, who shall be the executive head of the research laboratories and wards connected therewith. Such director shall be a licensed physician and shall be selected from time to time by the Company and thereupon such selection shall be formally approved by the proper authorities of the City.

With the approval of the Board of Health of the City such director of research will appoint, and the Company will fix the compensation of and compensate, a qualified supervisor of nurses and a dietitian for the research wards of said hospital, who, respectively, shall serve in conformity with the general rules and regulations of the hospital applicable to such positions at the time.

The director of research, with the approval of the superintendent of the City Hospital, will also select from time to time such resident physicians, clerks and employees other than graduate nurses as may be necessary for the exclusive conduct of the research laboratories and wards. The compensation of all such appointees and employees shall be fixed and paid by the Company, but the quarters and subsistence of all such as are residents at the hospital, not to exceed six in number, shall be furnished by the City.

3. For these and all other maintenance expenses undertaken herein by the Company it will provide annually during the term of this contract and all renewals thereof approximately Twenty-five Thousand Dollars ($25,000.00), which sum shall include the salary of the director of research in the sum of Five Thousand Dollars ($5,000.00) per year.

In addition the Company will, on the requisition of the director of research, furnish movable equipment for the conduct of such laboratory, office and wards at a cost to the Company of approximately Twenty-five Thousand Dollars ($25,000.00) the first year, and will from time to time thereafter so long as this contract is in force, on requisition of the director of research, furnish additional laboratory instruments and other physical equipment and drugs as needed on the requisition of such director.

The title to all such permanent equipment shall be and remain in the Company for the term of five years from the date of the formal opening of such laboratory, but in the event such laboratory and its appurtenances shall be operated continuously for that period under this or any similar contract between the parties thereto, then the Company will, by proper instrument, transfer and assign unconditionally to the City all such property and equipment theretofore furnished and thereafter to be furnished by the Company hereunder.

4. Subject to alteration by mutual consent of the parties, the following details of management of the proposed research laboratories and wards are now hereby adopted and agreed upon:

(a) Such laboratories and wards and the activities to be carried on therein will be available for instruction of nurses in the nurses' training school at the City Hospital, but such laboratories and wards shall not be a part of the rotating service for internes of the City Hospital.

(b) Such research service as herein contemplated shall become and be a part of the general City Hospital service to the extent that consultation services of visiting staff men of the general wards and the research staff shall follow the general regulations of the hospital, except as herein otherwise expressly provided.

(c) No patients shall be admitted to or remain in the research laboratory or wards without the consent of the patient, the director of research, the superintendent of the hospital, and the visiting staff man at whose instance the case was admitted to the hospital.

(d) Should any patient be admitted to the research laboratory who is not a resident of the City of Indianapolis, and for that reason is not

a proper charge on the City, then the Company agrees to pay the City Hospital for the care and maintenance of such patient the per diem charge in effect at the time.

(e) Accurate records of admission, treatment and discharge of all patients and of all facts of a professional or scientific nature concerning the conduct of the research laboratory and wards shall be kept in duplicate, and one complete copy of same shall be available to and be the property of each party hereto.

5. Wherever in this contract powers have been conferred upon the superintendent of the Indianapolis City Hospital, it is understood and agreed that said superintendent shall exercise such powers only after approval of the Board of Health, and all his acts and decisions thereunder shall always be subject to the approval of the said Board of Health or ratification by it.

6. This contract shall remain in full force and effect until December 31, 1930, and from year to year thereafter, providing the City shall have legally appropriated during the previous year the necessary funds for the performance by the City of its obligations hereunder from year to year of the contemplated renewals of this contract. But either party hereto may terminate this contract and all its obligations hereunder as of the end of any calendar year of such renewed term upon giving written notice to the other party not later than July 15 of such year.

Sec. 2. The City Controller shall, as soon as possible after the passage of this ordinance, advertise for bids or proposals for said bonds by at least one insertion each week for two consecutive weeks in two daily newspapers of opposite political faith of general circulation, printed and published in the English language, in the City of Indianapolis, Marion County, Indiana, as required and authorized by law; and may otherwise advertise for such bids or proposals as he may deem advisable. Such advertisement shall describe said bonds with such minuteness and particularity as the said City Controller shall see fit and shall set forth the amount of said bonds to be sold and the rate of interest they may bear, that the bidder may bid for all or any part of said bonds, the date of opening bids or proposals therefor, the right of the City Controller to reject any or all bids, the amount of deposit each bidder will be required to make and when and where the bonds shall be delivered and paid for.

Sec. 3. Each and every bid and proposal shall be presented to the City Controller sealed, and shall be accompanied by a duly certified or cashier's check upon some responsible bank or trust company of the City of Indianapolis, Indiana, payable to the order of the City Treasurer for a sum of money which shall equal two and one-half per cent (2½%) of the face or par value of the bonds bid for or proposed to be purchased. The City Controller shall continue to receive all bids or proposals thereafter at the office of the City Controller until eleven o'clock a. m. on the day fixed by the City Controller and designated in the advertisement for receiving bids or proposals, at which time and place and between the said hour and twelve o'clock noon of said day he shall open said bids or proposals. The City Controller shall award said bonds, or, as he shall see fit, a part or any number thereof, to the highest and best bidder therefor, and said City Controller shall have the right to reject any or all such bids or proposals or any part thereof and shall have the right to accept any part or any bid and to award upon any bid the whole or a less number of bonds covered by such bid, he being the sole judge of the sufficiency or insufficiency of any kind. He may also, in his judgment and discretion, award a part of said bonds to one bidder and a part to another. The provisions shall apply to the case of re-offering and readvertising said bonds as hereinafter provided.

Sec. 4. In case the City Controller shall reject all bids submitted, or if he shall award only a part of said bids, he shall readvertise the bonds remaining unsold in the manner as herein prescribed for the original advertisement, and in such readvertisement he is authorized and directed to fix the date and the time both of receiving and opening bids or proposals, and for purchasers to take up and pay for the bonds which may be awarded. Sec. 5. In case any bid or proposal shall not be accepted and there shall be no award of bonds thereon by the City Controller, he shall thereupon return to such unsuccessful bidder the certified or cashier's check accompanying the same. If the City Controller shall award the whole or any part of the bonds upon any bid or proposal, he shall thereupon deliver the certified or cashier's check accompanying the same to the City Treasurer, who shall thereupon present the same for payment and shall be entitled to collect the same and shall hold the proceeds collected thereon until the completion of the purchase and the payment for the bonds so awarded. If for any reason said check shall not be paid upon presentation, such non-payment shall be taken and deemed a breach of contract for purchase of said bonds upon the part of the purchaser, and the city, in that event, shall have the right to readvertise said bonds for sale at once and shall have the right to collect the same for its own use, and said check and proceeds thereof, when collected, shall be taken and deemed as agreed and liquidated damages for such breach of contract and for payment thereof to the city. Sec. 6. WHEREAS, Heretofore, to wit: on the 7th day of July, 1930, the Board of County Commissioners of Marion County, Indiana, filed his petition before the Board of Public Works of the City of Indianapolis, as follows:

PETITION

To the Board of Public Works, City of Indianapolis, Indiana:

Gentlemen:

The Board of Commissioners of Marion County is desirous of constructing a switch into what is known as the County Yards across Northwestern avenue, in the City of Indianapolis, Indiana.

NOW, THEREFORE, This agreement made and entered into this 7th day of July, 1930, by and between the Board of Commissioners of Marion County, Indiana, of the City of Indianapolis, County of Marion, State of Indiana, party of the first part, and the City of Indianapolis, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part, being desirous of securing a permit for a right of way for a sidetrack or switch from the right of way of the C., C., C. & St. L. Railway Company across Northwestern avenue to the County Yards, in the City of Indianapolis which

is more specifically described as follows: Entering Northwestern avenue at a point in the west property line of said avenue 461.2 feet south of the south property line of Twenty-first street, thence across Northwestern avenue at any angle of 75 degrees, 50 feet, to the southwest, and leaving Northwestern avenue at a point 476.3 feet south of the south property line of Twenty-first street, hereby covenants and fully binds himself, his successors, legal representatives and assigns, that, in consideration of the grant of the privileges and authority herein given, he will lay, construct and maintain said track upon the terms and conditions hereinafter set forth, to wit:

(1) They shall be so laid, improved and kept in repair as to be safe for persons on foot, in vehicles or otherwise, and shall, at all times, be subject to the orders of the Board of Public Works of the City of Indianapolis.

(2) Said track and switch shall be laid upon such grade as shall be established by said Board, and shall be put down under its supervision and to its satisfaction and approval. Said track shall be raised or lowered to conform to any grade which may, from time to time, be hereafter established, when so ordered, in writing, by said Board, and shall be made to conform in all respects with any ordinance passed by the Common Council or with any resolution or resolutions made by said Board, for the elevation or depression of said tracks.

(3) The crossing where said track intersects Northwestern avenue shall, at all times, be kept improved and in repair and free from obstructions or defects of any kind. (4) Said party of the first part agrees, upon the written order of said Board, made for any cause affecting the interest of the city or the public welfare, to take up and remove said track, and upon said party's failure so to do, upon such notification in writing, of ten (10) days, to promptly pay the cost of having same done, and the party of the first part hereby releases all claims for damages whatsoever that may arise by reason of such removal; and in removing said track or causing the same to be done, said Board shall in no wise become a trespasser. Said notice shall fix a day for hearing before said Board where objections to such removal may be heard; but the decision of said Board shall be final and conclusive on the party of the first part, who hereby expressly waives any right to have such exercise of discretion reviewed by any court.

(5) The party of the first part agrees to pave between said track to the entire satisfaction of the second party, and in case said tracks shall be or become out of repair or in need of being reconstructed, or become in any way defective (of which fact the said Board shall be the exclusive judge), it shall be the duty of the said party of the first part to promptly repair or remove same, failing in which, after notification in writing of ten (10) days, said Board shall do or cause the same to be done at the expense of the said party of the first part and for which expense and cost the said party of the first part shall be liable.

(6) The said party of the first part herein binds himself to hold said party of the second part and said city harmless from any and all claims for damages growing out of the existence, maintenance or use of said track, and to pay any judgment, with costs, that may on that account be rendered against the said party or said city, and also to pay all necessary expenses that may be incurred by said city in defending against any such claims.

(7) Any violation of any of the provisions of this instrument by said party of the first part, or by any one for it or at its instance or with its permission, shall operate as an immediate and absolute forfeiture of the privileges and authority given or granted by this permit, provided, however, that the same may be terminated by said Board as hereinbefore set forth.

Said party of the second part by virtue of the provisions of an act of the General Assembly of the State of Indiana, entitled "An act concerning municipal corporations," approved March 6, 1905, and in consideration of the things hereinbefore set forth and upon the terms and provisions stipulated, hereby grants and duly permits said party of the first part to exercise the right, privilege and authority to lay and maintain an additional track or switch across

August 18, 1930.

To the Honorable President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

I have this day the honor of submitting to your honorable body, pursuant to the statutes of the State of Indiana, the proposed budget of all of the departments of government of the City of Indianapolis for the year 1931, together with the proposed tax levies of the general fund and each separate fund, all of which is hereto attached and which has been transmitted by and with the recommendation of the Honorable William L. Elder, City Controller, as required by law.

I wish to call your attention to the fact that because of the large increase in expenditure which must be met in 1931 as compared with this year, the holding of the levy rate to the same figure as this year, $1.10 on each $100 of taxable property, amounts in fact to a reduction in the levy. The additional expenses which will have to be met next year will aggregate, I am informed, approximately $389,000.00. Included in this increased amount are items of $200,000.00 for the sinking funds to retire bonds which mature in 1931 and to begin building up a reserve fund; $81,314.00 in interest charges due in 1931; $32,154.00 for the maintenance of the Police Radio system; $20,000.00 for the maintenance of the Municipal Airport; $55,000.00 increased appropriation for the City Health Department, which will take care of the new unit at the City Hospital and other new expenses within that department.

Respectfully submitted,

R. H. SULLIVAN,
Mayor.

August 18, 1930.

Hon. Reginald H. Sullivan, Mayor, and the Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

In compliance with Section 10306, Burns' Revised Statutes of 1926, I submit herewith the budget estimates for the year 1931. Below are the tax rates that I recommend for the other departments of the city:

No person, official or employee whose compensation is fixed herein under any item, or by any ordinance hereafter adopted shall have any vested right to receive such amount, except as otherwise provided by law, but control thereover as to any decrease shall be vested in the body or executive having direction over the one affected, as provided by law, and any such compensation shall not be increased except by ordinance and where funds of the city are available for such purpose.

Sec. 4. That the "reserved for contingencies" appropriation contained herein, in the appropriations for the Department of Finance, shall be expended as follows: The Mayor shall determine that a contingency has arisen requiring the expenditure of an appropriation or any part thereof. He shall then notify the City Controller of such circumstances. The controller shall give his approval to the proposed expenditure and shall notify the City Council in writing, giving all pertinent facts regarding the contingency and the manner in which it is proposed to meet the contingency. The City Council shall then adopt a resolution setting forth the circumstances regarding the contingency and approving the proposed expenditure from the said appropriation. This procedure must be followed before any part of this appropriation

may be expended. After such procedure has been carried out, then the money may be spent only for the purpose designated by the council in its resolution, and in the usual manner for spending any other moneys of the city general fund.

Sec. 5. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

Which was read a first time and referred to the Committee on Finance.

Witnesseth: That the party of the first part, being desirous of securing a permit for a right of way for a sidetrack or switch from the east property line of Draper street to the west property line of said street, in the City of Indianapolis, which is more specifically described as follows (see blueprint attached), hereby covenants and fully binds himself, his successors, legal representatives and assigns, that, in consideration of the grant of the privileges and authority herein given, he will lay, construct, maintain and pay all costs and expenses either now or hereafter connected with said track, upon the terms and conditions hereinafter set forth, to wit:

(1) They shall be so laid, maintained, operated, improved and kept in repair as to be safe for persons on foot, in vehicles or otherwise, and shall, at all times, be subject to the orders of the Board of Public Works of the City of Indianapolis, and to all laws and ordinances, adopted and enacted pursuant to the police powers of said city.

(2) Said track and switch shall be laid upon such grade as shall be established by said Board, and shall be put down under its supervision and to its satisfaction and approval. Said track shall be raised

or lowered to conform to any grade which may, from time to time, be hereafter established, whenever so ordered, in writing, by said Board, and shall be made to conform in all respects with any ordinance passed by the Common Council, or with any resolution or resolutions made by said Board, for the elevation or depression of said track, or tracks; provided further that all the costs thereof shall be paid by the said party of the first part, who hereby waives any division of such costs as now or hereafter provided by any statute, or otherwise.

(3) The crossing where said track intersects Draper street shall, at all times, be kept improved and in repair and free from obstructions or defects of any kind. Said notice shall fix a day for hearing before said Board where objections to removal may be heard; but the decision of said Board shall be final and conclusive on the party of the first part who hereby expressly waives any right to have such exercise of discretion reviewed by any court.

(5) The party of the first part agrees to pave between the rails of said track and for eighteen inches on both sides thereof, to the entire satisfaction of the second party, and in case said tracks and pavement or either thereof shall be or become out of repair or in need of being reconstructed, or become in any way defective (of which fact the said Board shall be the exclusive judge), it shall be the duty of the said party of the first part to promptly repair, reconstruct, or remove same, failing in which, after notification in writing of ten (10) days, said Board may do or cause the same to be done at the expense of the said party of the first part and for which expense and cost the said party of the first part shall be liable.

(6) The said party of the first part herein binds himself to hold said party of the second part and said city harmless from any and all

claims for damages growing out of the existence, maintenance or use of said track, and to pay any judgment, with costs, that may on that account be rendered against the said party or said city, and also to pay all necessary expenses that may be incurred by said city in defending against any such claims.

(7) Any violation of any of the provisions of this instrument by said party of the first part, or by any one for it or at its instance or with its permission, shall operate as an immediate and absolute forfeiture of the privileges and authority given or granted by this permit, provided, however, that the same may be terminated by said Board as hereinbefore set forth.

Said party of the second part by virtue of the provisions of an act of the General Assembly of the State of Indiana, entitled "An act concerning municipal corporations," approved March 6, 1905, and of all acts amendatory thereof or supplemental thereto, and in consideration of the things hereinbefore set forth and upon the terms and provisions stipulated, hereby grants and duly permits said party of the first part to exercise the right, privilege and authority to lay and maintain an additional sidetrack or switch across Draper Street, in the City of Indianapolis, all as shown by the drawing attached hereto, filed herewith and for greater certainty marked "Exhibit A."

RESOLUTION BEFORE THE BOARD OF PUBLIC WORKS

Whereas, The Common Council, under General Ordinance No. 22, 1930, as amended, provided for borrowing the sum of One Hundred Sixty-six Thousand Dollars ($166,000.00) by the issuing and sale of bonds of the city and by Section 7 thereof duly appropriated the proceeds of such sale to the Board of Public Works for the purpose of carrying out a certain program of improvements of streets and public places in said city in accordance with the general method and estimated cost of each such improvement to the city, as set forth in a resolution of this board which was made an exhibit to the preamble of said ordinance; and in said resolution as copied into the exhibit made a part of said ordinance there were at first included three improvements designated as "connecting line (or link) law projects," aggregating an estimated cost of $34,000.00, so that the total sum first proposed to be borrowed was Two Hundred Thousand Dollars ($200,000.00), which sum was later reduced to One Hundred Sixty-six Thousand Dollars ($166,000.00) by the amendment of said ordinance and said resolution, but the said amendment of the ordinance, by oversight, did not refer specifically to the aforesaid connecting line (or link) law projects which were thereby intended to be eliminated from said program and hence did not express the intention of this board or of the Common Council upon said point as said ordinance was finally adopted; and,

Whereas, The estimated costs of the several projects made by the Board and contained in said exhibit were intended by the board and understood by the Council to be approximate estimates only which might be varied in amount by increases in some instances and decreases in other instances upon the letting of the contracts and completion thereof, and the section of the ordinance appropriating the proceeds of the sale of bonds leaves in doubt whether this intention as to the application of the proceeds is sufficiently expressed; and,

Whereas, This board has since found it necessary in the interest of the public welfare and utility to make certain changes in said program of improvement both in respect to the estimated cost of certain improvements and to the specific streets included therein and that said program and the expenditures thereunder should be revised accordingly; that the proposed improvement by resurfacing McCarty street from Alabama street to Virginia avenue should be eliminated because of the objection of many property owners on said street to any improvement thereof; that the improvement of St. Clair street from Massachusetts avenue to N. Y. C. R. R., of Vermont street from West street to Bright street, and of College avenue from Massachusetts avenue to Eleventh street should be eliminated and also the

three connecting line or link law projects should be hereby definitely eliminated from the proposed program, as set out in said exhibit, as not being at this time of sufficient public necessity and utility; that in place of said improvement of Vermont, McCarty and St. Clair streets is of greater public utiliy to include the improvement of New York street from Blake street to Beauty street at an estimated cost substantially equal to the combined estimated cost of the said three streets thus eliminated and said New York street should be substituted therefor and now included in this program, as hereinafter indicated; that in the improvement of Pratt street it is deemed necessary to add an additional block from Capitol avenue to Senate avenue; that in the improvement of South street it is deemed necessary to extend the improvement for a distance of 135 feet west of the west property line of Senate avenue, instead of stopping at Senate avenue; that certain other streets and estimated cost set out in the original resolution must be improved under two or more separate resolutions by reason of the different character of the improvements and the estimated cost thereof must be re-apportioned accordingly; and,

Whereas, The receiving of bids and letting of contracts for certain of the improvements, along with necessary changes and extras, have resulted in some instances in reductions and in other instances of increases over the approximate cost to the city first estimated by the City Civil Engineer and there will likely be further similar changes in such estimates and cost as to other streets before all the work is completed; and the completion of the improvement of all the approaches to the Delaware street bridge, including the clearing and grading of the parkways lying between the paved streets embraced in all the land included and improved in such project, and various essential changes and additions in the project have made necessary certain extra items and allowances under that contract that will increase such cost approximately Seventy-four Hundred Dollars ($7,400.00) over the engineer's original estimate, all of which cost is to be paid solely by the city and none by assessment; and,

Whereas, The total amount derived from the sale of the bonds and paid into the treasury of the city, including the premium, amounts to One Hundred Seventy-one Thousand Six Hundred Twenty-five Dollars ($171,625.00), all of which sum was duly appropriated for the general improvement program referred to in the aforesaid ordinance and was made a continuing fund until all thereof was completed and paid for, and it is now estimated that the total cost to the city of the entire revised program herein referred to and adopted will come within said total appropriation, with possibly some balance that may be available and sufficient for additional similar projects. Now, therefore,

BE IT RESOLVED BY THE BOARD OF PUBLIC WORKS OF THE CITY OF INDIANAPOLIS, INDIANA:

1. That it is deemed necessary for the public welfare, utility and convenience that the improvement program set out as an exhibit to General Ordinance No. 22, 1930, and contained in the former resolution of this board should be amended in the manner described in the preamble of this resolution, which is hereby adopted and by this reference thereto is made a part of this resolution. That the revised program of the improvements of streets and intersections and public places, with the status thereof and the approximate estimated cost in each instance to the city, being three-fourths of the total cost of each of said projects, except that relating to the Delaware street bridge approaches where the entire cost is to be paid by the city, is as follows:

I, Ernest F. Frick, Secretary of the Board of Public Works of the City of Indianapolis, do hereby certify that the above and foregoing is a true and correct copy of a resolution adopted by the said Board of Public Works on October 1, 1930, as shown in Minute Record Book MM, page ...., in the office of the Board of Public Works.

UNITED TRANSPORTATION COMPANY, INCORPORATED

507 Meyer-Kiser Bank Building

Indianapolis, Indiana

October 3, 1930.

Common Council, City of Indianapolis, Indianapolis, Indiana:

Gentlemen:

The United Transportation Company, Incorporated, operating United cabs, at present the largest fleet of taxicabs in the City of Indianapolis, invites your attention to the camouflage of the proposed "model" taxicab ordinance, as published in today's press:

Quoting from the press, the outstanding provisions of the proposed ordinance are:

"1. Establishment of minimum and maximum fares.

2. Setting a straight $25 license fee on cabs instead of $100 for the first cab and $25 for each additional cab.

3. Issuance of no additional license after September 1, 1930.

4. No call boxes any place in the city except with the written consent of abutting property owners.

5. A $1.00 license fee for drivers, to be obtained from the City Controller after it has been shown the driver's record is free of crime, immoral conduct, unsound health or other possible detriments to his ability and efficiency.

6. Drivers must remain seated in cabs while soliciting patrons."

We contend that this is a rate-raising ordinance forcing higher taxicab rates upon the people of the City of Indianapolis.

We know that the people of the City of Indianapolis are not requesting or demanding that taxicab rates be increased.

We know that the people of Indianapolis are not requesting or demanding that the Board of Safety of the City of Indianapolis be made into a city Public Service Commission (as outlined in paragraph 3, quoted above) with authority to issue "Certificates of Convenience" and deny additional taxicab licenses.

The United Transportation Company is operating taxicabs on the rate of 25c for the first two miles and 10c for each additional half-mile.

The United cabs make no charge for extra passengers up to three. In other words, four can ride as cheaply as one.

United cabs can profitably render the public unexcelled taxicab service at these rates for the following reasons:

1. The United Transportation Company is a driver-owner organization.

2. The United Transportation Company officers are taxicab drivers.

3. The United Transportation Company believes in giving the public the benefit of low rates.

4. Most of the United Transportation Company drivers are married men supporting families and are long-time residents of the City of Indianapolis—one has a daughter in Butler University and several have children in high school; some are buying homes.

5. United Transportation Company passengers are insured against loss by personal injury by insurance policies, deposited with the City Controller of Indianapolis, of $5,000-$10,000 limits, in conformity with the public liability ordinance of the City of Indianapolis.

On the present United rates, working men and women can afford to ride taxicabs. Many of our patrons are working people and we are NOT in favor of legislation compelling us to charge these working people a higher rate. Of course, wealthy people would ride taxicabs regardless of price, but working people, under higher rates, would to a great extent find that they could not afford to use taxicab service.

The facts are that during the past four years the Indianapolis taxicab-riding public has preferred United cabs, which is evidenced by the fact that the United fleet is the largest taxicab fleet in the City of Indianapolis.

Our competitors now realize that they do not control the taxi business of Indianapolis as they did in years past—hence they want the City Council to help them by forcing higher rates upon Indianapolis citizens.

Respectfully submitted,

UNITED TRANSPORTATION COMPANY, INC.
By WILLIAM H. McLAUGHLIN,
Secretary.

Sec. 2. The City Controller shall, as soon as possible after the passage of this ordinance, advertise for bids or proposals for said bonds by at least one insertion each week for two consecutive weeks in two daily newspapers of opposite political faith of general circulation, printed and published in the English language, in the City of Indianapolis, Marion County, Indiana, as required and authorized by law; and may otherwise advertise for such bids or proposals as he may deem advisable. Such advertisement shall describe said bonds with such minuteness and particularity as the said City Controller shall see fit and shall set forth the amount of said bonds to be sold and the rate of interest they may bear, that the bidder may bid for all or any part of said bonds; the date of opening bids or proposals therefor; the right of the City Controller to reject any or all bids, the amount of deposit each bidder will be required to make, and when and where the bonds shall be delivered and paid for.

Sec. 3. Each and every bid and proposal shall be presented to the City Controller sealed, and shall be accompanied by a duly certified or cashier's check upon some responsible bank or trust company of the City of Indianapolis, Indiana, payable to the order of the City Treasurer for a sum of money which shall equal two and one-half per cent (2½%) of the face or par value of the bonds bid for or proposed to be purchased. The City Controller shall continue to receive all bids or proposals thereafter at the office of the City Controller until eleven o'clock A. M. on the day fixed by the City Controller and designated in the advertisement for receiving bids or proposals, at which time and place between the said hour and twelve o'clock noon of said day he shall open said bids or proposals. The City Controller shall award said bonds, or as he shall see fit, a part or any number thereof, to the highest and best bidder therefor, and said City Controller shall have the right to reject any or all such bids or proposals or any part thereof and shall have the right to accept any part of any bid and to award upon any bid the whole

or a less number of bonds covered by such bid, he being the sole judge of the sufficiency or insufficiency of any kind. He may also, in his judgment and discretion, award a part of said bonds to one bidder and a part to another. The provisions shall apply to the case of reoffering and readvertising said bonds as hereinafter provided.

Sec. 4. In case the City Controller shall reject all bids submitted, or if he shall award only a part of said bids, he shall readvertise the bonds remaining unsold in the manner as herein prescribed for the original advertisement, and in such readvertisement he is authorized and directed to fix the date and the time both of receiving and opening bids or proposals, and for purchasers to take up and pay for the bonds which may be awarded. And he shall continue from time to time in like manner to readvertise said bonds for sale until said bonds are sold.

Sec. 5. In case any bid or proposal shall not be accepted and there shall be no award of bonds thereon by the City Controller, he shall thereupon return to such unsuccessful bidder the certified or cashier's check accompanying the same. If the City Controller shall award the whole or any part of the bonds upon any bid or proposal, he shall thereupon deliver the certified or cashier's check accompanying the same to the City Treasurer, who shall thereupon present the same for payment, and shall be entitled to collect the same and shall hold the proceeds collected thereon, until the completion of the purchase and the payment for the bonds so awarded. If, for any reason, said check shall not be paid upon presentation, such non-payment shall be taken and deemed a breach of contract for purchase of said bonds upon the part of the purchaser, and the city in that event, shall have the right to readvertise said bonds for sale at once and shall have the right to collect the same for its own use, and said check and proceeds thereof, when collected, shall be taken and deemed as agreed and liquidated damages for such breach of contract and for payment thereof to the city. In case any successful bidder shall fail to complete the purchase price of the bonds so awarded and to pay for the same within the time and manner herein required, or which may be prescribed by the City Controller as herein provided, the proceeds of such certified or cashier's check deposited by such bidder shall be taken, considered, and deemed as agreed and liquidated damages for the breach of such bidder's contract to purchase, and shall be taken and deemed as a payment to the city for such damages and shall be retained and held by said city for its use; but if such successful bidder shall complete the purchase of said bonds awarded to him pursuant to the provisions hereof and his bid and award thereon, said proceeds of said certified or cashier's check shall thereupon be returned to such bidder, or, at the option of the City Controller, at the time of the completion of the sale and payment of the bonds, said pro-

ceeds of said certified or cashier's check may be applied and deemed a payment on account of the purchase of said bonds.

Sec. 6. Delivery of any bonds shall be made at the office of the City Treasurer of the City of Indianapolis, Indiana, upon such day or days as may be specified in the advertisement or readvertisement or within such time thereafter as may be fixed by the City Controller and the purchaser or purchasers and the City Controller may extend the time for such delivery not more than ten (10) days after the day or days specified or agreed upon as above provided, and the successful bidder or bidders shall take the bonds awarded to him, or them, and pay for the same at such place and time, and his or their refusal or neglect or omission so to do, shall be a breach of the contract of his or their bid or proposal on account of which damages shall be retained or recovered as liquidated, as provided in this ordinance.

Sec. 7. The bonds taken and paid for to the satisfaction of the City Controller shall be a binding obligation of the City of Indianapolis according to their tenor and effect and the proceeds derived from the sale or sales, or both, as herein authorized, shall be and are hereby appropriated to the Department of Public Works, for the payment of the city's share of the cost of the improvement of said Kentucky avenue from the west line of pavement in Harding street to the east line of pavement in Belmont avenue.

By Board of Works:

GENERAL ORDINANCE No. 87, 1930

AN ORDINANCE supplemental to General Ordinance No. 22, 1930, and construing and clarifying the purposes of the appropriation and use of the proceeds from the issue and sale of bonds authorized by said General Ordinance No. 22, 1930, which funds are now in the hands of the City Treasurer, subject to warrants of the Board of Public Works, and providing for the reallocation of said funds among the improvement projects, and for changes in the program of improvements and in the several costs thereof, and for the control thereover by the Board of Public Works in the expenditure of said fund as a continuing appropriation for the payment of the city's share of the cost of certain public improvements, pursuant to the revised program thereof herein referred to; and fixing a time when the same shall take effect.

Whereas, By General Ordinance No. 22, 1930, the proceeds of a sale of bonds thereby authorized were duly appropriated to the Board of Public Works to pay the city's share of a proposed program of improvements of certain public streets and places, as therein referred to, and by the amendment of such ordinance the total amount of said bond issue was reduced to eliminate from the program three "connecting line (properly 'link') law" projects aggregating an estimated cost of $34,000.00, but by oversight the said projects thus intended to be eliminated were nowhere so specified; and also the purpose to permit reasonable changes in the program and reasonable reallocations and reasonable alterations among the several projects of the estimated costs thereof, as finally determined by the receipt of bids and the final completion of contracts, with necessary changes and extras arising during the execution of the work, so long as the aggregate cost should not exceed the total appropriation for the complete program, and also the description of some of the proposed projects, in all such respects are not clearly expressed; and,

Whereas, Said board has found that a certain revision of and changes in said program and costs have become necessary for the public utility and welfare and has set out such revised program in its resolution duly adopted on October 1, 1930, and entered in Minute Record MM, page ...., which resolution has been presented to and examined by the Common Council and the record thereof is hereby referred to for the contents thereof; and it further appearing that the total proceeds of said sale of bonds, including the premium, are sufficient to carry out said revised program, and should all remain available until the completion thereof, with any additions to the program that may be made by the board and paid for out of any balance remaining in such fund. Now, therefore,

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That the facts as set out in the preamble hereto are hereby adopted, approved and ratified, and the Board of Public Works is hereby authorized to make and carry out the changes and revision both in the program of improvement projects and in any or all of the respective costs thereof, together with any necessary reallocation of such costs as among the several projects, either now or hereafter, as said Board shall determine to be essential to the public utility and welfare, all as set out in the revised program and resolution of said board, adopted October 1, 1930, and referred to in the preamble; and said board is hereby further authorized to change said program of improve-

ment projects by eliminating or adding any project as now proposed and set out in said revised program and to use for the purposes expressed in paying the city's share of the costs all of said fund derived from the sale of said bonds and previously appropriated to said board, so long as any balance thereof remains sufficient in amount to pay the city's share of each said project or of any similar improvement projects; and said fund shall be a continuing fund appropriated for the purposes and uses heretofore and now expressed, until all thereof is exhausted, or said program is completed; and any balance finally remaining, which the board finds is insufficient for further similar projects, shall be subject to transfer by ordinance to any other fund in the city budget as may be then determined by the Common Council.

Sec. 2. All the acts, contracts and expenditures of said Board of Public Works, and those acting for it, under and pursuant to the program of improvements described in said General Ordinance No. 22, 1930, together with all changes in and additions to the several projects and in and to the respective costs thereof, either made or proposed by said board prior to the effective date of this ordinance, are all hereby ratified, approved and confirmed.

Sec. 3. This ordinance shall be deemed to be supplemental to General Ordinance No. 22, 1930, and shall not repeal the same except where the provisions hereof are inconsistent with any part thereof.

Sec. 4. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

Which was read the first time and referred to the Committee on Finance.

Mr. Wm. Elder, City Controller, City Hall:

Dear Sir:

I am writing to advise you that the Board of Public Health and Charities, during the recent windstorm, sustained damages to their equipment in the sum of $253.72, which equipment was covered by a policy of insurance carried by the Board of Public Works in the Glens Falls Insurance Company.

The necessary proofs of loss were filed, and the claim having been found satisfactory, was allowed and a check for the sum of $253.72 was then paid into the Controller's office.

Inasmuch as the Board of Public Health sustained this loss and are in need of this money to replace this equipment, the Board of Public Works now recommends that said sum of $253.72 be transferred to the Board of Public Health.

Yours very truly,

ERNEST F. FRICK,
Secretary, Board of Public Works.

To the Honorable President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

Attached please find copies of General Ordinance No. 94, 1930, transferring moneys from certain numbered funds and reappropriating the same to other numbered funds in the various departments of the City of Indianapolis.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WM. L. ELDER,
City Controller.

October 11, 1930.

Wm. L. Elder, City Controller, City of Indianapolis:

Dear Sir:

In checking over the budgets under the Department of Public Safety we find that the balance remaining in several funds in the dog pound and East Market budgets is insufficient to carry the department through the remainder of the year for actual necessities. Some of the funds are entirely depleted, thus crippling the operation of the department very materially; therefore, we are respectfully requesting you to prepare an ordinance to present to the Common Council asking for transfers to these various funds as follows:

Transfer Four Hundred and Seventy-five Dollars ($475.00) from the Building Department Budget—Fund No. 11—Salaries—Smoke Inspector, and reappropriate as follows:

Two Hundred Fifty Dollars ($250.00) to Market Fund No. 25—Repairs.

Fifty Dollars ($50.00) to Market Fund No. 34—Institutional and Medical.

One Hundred Twenty-five Dollars ($125.00) to Market Fund No. 38—General Supplies.

Fifty Dollars ($50.00) to Market Fund No. 41—Building Materials.

Transfer Three Hundred Eighty Dollars ($380.00) from the Building Department Budget—Fund No. 11—Salaries—Smoke Inspector, and reappropriate as follows:

Fifty Dollars ($50.00) to Dog Pound Fund No. 25—Repairs.

One Hundred Twenty Dollars ($120.00) to Dog Pound Fund No. 31—Food.

One Hundred Fifty Dollars ($150.00) to Dog Pound Fund No. 33—Garage and Motor.

Sixty Dollars ($60.00) to Dog Pound Fund No. 34—Institutional and Medical.

You will note that we are asking for these transfers from a fund in the Building Department Budget that was appropriated for the salary of Smoke Inspector for the current year. There has been no appointment to this position this year, and as this particular position was dropped from the 1931 budget there will be no Smoke Inspector appointed for the remaining few months of this year.

This request for transfers is an emergency and we will greatly appreciate your co-operation in preparing the necessary ordinance and recommending its passage.

Very truly yours,

BOARD OF PUBLIC SAFETY.
By C. R. Myers,
President.

October 31, 1930.

Mr. Edward H. Knight, Corporation Counsel, Indianapolis:

GENERAL ORDINANCE No. 99, 1930

AN ORDINANCE providing for and authorizing the City Controller, for and on behalf of the City of Indianapolis, to borrow the sum of Seventy-five Thousand Dollars ($75,000.00) and for the sale of seventy-five (75) bonds of One Thousand Dollars ($1,000.00) each of said city, payable from the general revenues and funds of said city or from the Sinking Fund of said city, or as may be required by law, for the purpose of procuring money to be used in completing the improvements and installing equipment at the Municipal Airport of said City of Indianapolis, and providing a time and manner of advertising the sale of said bonds and the receiving of bids for the same, together with the mode and terms of sale, appropriating the money received from said sale to the Board of Public Works of the City of Indianapolis, and fixing a time when this ordinance shall take effect.

Whereas, On the 7th day of January, 1929, the Common Council of the City of Indianapolis adopted a resolution known as Resolution

No. 1, 1929, which resolution was signed and approved by the Mayor of said city on the 14th day of January, 1929, and which resolution had first been approved by the Board of Public Works of said city on January 2, 1929, wherein it was deemed advisable and necessary and of great public benefit to said City of Indianapolis to acquire, improve, equip, manage, operate and maintain an aviation field as a Municipal Airport, and found and determined to acquire by purchase or condemnation certain real estate as a site suitable for the purpose of said aviation field and Municipal Airport, due notice of the adoption of said resolution having thereafter been given as by law required; and,

Whereas, On the 25th day of March, 1929, the Common Council of the City of Indianapolis duly passed General Ordinance No. 13, 1929, providing for and authorizing the issuing of Six Hundred Ninety-three Thousand Dollars ($693,000.00) in bonds for the purpose of paying for the acquisition by purchase and condemnation of land for use as an aviation field and improving, equipping and maintaining the same as a Municipal Airport of the City of Indianapolis, which ordinance was duly approved by the Mayor of said city on the 26th day of March, 1929; and,

Whereas, Thereafter on the 15th day of April, 1929, said Common Council of said City of Indianapolis duly passed Appropriation Ordinance No. 6, 1929, appropriating said sum of Six Hundred Ninety-three Thousand Dollars ($693,000.00) to the Board of Public Works of said city for said purposes, which ordinance was duly approved by the Mayor of said city on the —— day of April, 1929; and,

Whereas, Pursuant to said Resolution No. 1, 1929, and said General Ordinance No. 13, 1929, and said Appropriation Ordinance No. 6, 1929, certain real estate was thereafter purchased by said City of Indianapolis as a site for said aviation field and contracts awarded for the improving and the equipping of said aviation field as a Municipal Airport; and,

Whereas, On the 8th day of October, 1930, the said Board of Public Works of said City of Indianapolis adopted Miscellaneous Resolution No. 383, 1930, wherein it found, declared and determined that the cost of completing the improvements and installing the equipment of the aviation field at the Municipal Airport provided for and contemplated in the original plans and specifications adopted by the Board of Public Works and the Common Council of the City of Indianapolis would exceed the original estimated immediate required outlay for said improvements; that according to estimates made and filed with said Board of Public Works by the Superintendent of said Municipal Airport it will require

the expenditure of an additional Seventy-five Thousand Dollars ($75,000.00) to pay the cost of completing said Municipal Airport and properly improving and equipping same so as to make it of practical use for the purpose for which it was originally intended, and that it was deemed advisable and necessary and of great public benefit to said City of Indianapolis to immediately authorize and direct that all work be done and equipment installed necessary to complete said aviation field; and,

Whereas, There is not now and will not be sufficient funds in the treasury of the City of Indianapolis with which to meet the aforesaid expenditures for completing said improvements and installing said equipment at said Municipal Airport as hereinbefore set forth, and there not being an unexpended balance in the appropriation heretofore made by the Common Council therefor, and it being necessary for the said City of Indianapolis to borrow the aforesaid total of Seventy-five Thousand Dollars ($75,000.00) in order to procure a fund to be devoted to the purposes set out herein as aforesaid and to issue and sell its bonds in said amount, payable from the general revenues and funds of said city, or as may be otherwise authorized or required by law; now, therefore,

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. Such advertisement shall describe said bonds with such detail as the City Controller may see fit, and shall set forth the amount of the bonds to be sold and the rate of interest they

may bear; the date of opening bids or proposals therefor, the terms of sale, the right of the City Controller to reject any and all bids, the amount of deposit each bidder shall be required to make, and when and where the bonds shall be delivered and paid.

Sec. 3. Each and every bid and proposal shall be presented to the City Controller sealed and shall be accompanied by a duly certified check or cashier's check upon some responsible bank or trust company in the City of Indianapolis, payable to the order of the City Treasurer for a sum of money which shall equal two and one-half per cent (2½%) of the face or par value of the bonds bid for or proposed to be purchased. The City Controller shall continue to receive all bids or proposals therefor at the office of the City Controller until eleven (11) o'clock a. m. on the day fixed by the City Controller and designated in the advertisement for receiving bids or proposals, at which time and place and between said hour and twelve (12) noon of said day he shall open said bids or proposals and shall continue to receive bids at said time and place from day to day thereafter until said bonds are sold. The City Controller shall award said bonds or, as he shall see fit, a part or any number thereof to the highest and best bidder therefor, but said City Controller shall have the right to reject any and all of such bids and proposals or any part thereof, and shall have the right to accept a part of any bid and to award upon any bid the whole or a less number of bonds covered by said bid, he being the sole judge of the sufficiency or insufficiency of any kind. He may also in his judgment and discretion award a part of said bonds to one bidder and a part to another. These provisions shall apply to the case of reoffering and readvertising of said bonds as hereinafter provided.

Sec. 4. In case the City Controller shall reject all bids submitted, or if he shall award only a part of said bids, he shall readvertise the bonds remaining unsold in the manner as herein prescribed for the original advertisement, but in such readvertisement he is authorized and directed to fix the date and time both of receiving and opening bids or proposals and for purchasers to take up and pay for the bonds which may be awarded. And he shall continue from time to time in like manner to readvertise said bonds for sale until said bonds are sold.

Sec. 5. In case any bid or proposal shall not be accepted and there shall be no award of bonds thereon by the City Controller, he shall thereupon return to such unsuccessful bidder the certified or cashier's check accompanying the same. If the City Controller shall award the whole or any part of the bonds upon any bid or proposal he shall deliver the certified or cashier's check accompanying the same to the City Treasurer, who shall thereupon present the same for payment and shall be

entitled to collect the same and shall hold the proceeds collected thereon until the completion of the purchase and the payment for the bonds so awarded. If, for any reason, said check shall not be paid upon presentation such non-payment shall be taken and deemed a breach of contract for purchase of said bonds upon the part of the purchaser, and the city, in that event, shall have the right to readvertise said bonds for sale at once and shall, in such event, retain said check and shall have the right to collect the same for its own use, and said check and proceeds thereof, when collected, shall be taken and deemed as agreed and liquidated damages for such breach of contract and as a payment thereof to the city. In case any successful bidder shall fail to complete the purchase price of the bonds so awarded and to pay for the same within the time and manner herein required, or which may be prescribed by the City Controller as herein provided, the proceeds of such certified or cashier's check deposited by such bidder shall be taken, considered and deemed as agreed and liquidated damages for the breach of such bidder's contract of purchase and shall be taken and deemed as a payment to the city for such damages, and shall be retained and held by said city for its use, but if such successful bidder shall complete the purchase of said bonds awarded to him pursuant to the provisions hereof and his bid and award thereon, said proceeds of said certified or cashier's check shall thereupon be returned to such bidder, or at the option of the City Controller at the time of the completion of the sale and payment of the bids said proceeds of said certified or cashier's check may be applied and deemed a payment on account of the purchase of said bonds.

Sec. 6. Delivery of any bonds sold shall be made at the office of the City Controller of the City of Indianapolis, Indiana, upon such day or days as may be specified in the advertisement or advertisements for proposals or within such time thereafter as may be fixed by the City Controller, and the purchaser or purchasers and the City Controller may extend the time for such delivery not more than twenty (20) days after the day or days specified or agreed upon as above provided, and the successful bidder or bidders shall take the bonds awarded to him or them and pay for the same at such place and time, and his or their refusal, neglect or omission to do so shall be a breach of the contract of his bid or proposal on account of which damages shall be retained or recovered as liquidated as provided in this ordinance.

Sec. 7. The bonds taken and paid for to the satisfaction of the City Controller shall be a binding obligation upon the City of Indianapolis, Indiana, according to their tenor and effect, and the proceeds derived from the sale or sales, or both, as herein authorized, shall be and hereby are appropriated to the Board of Public Works for the purpose of paying the cost of completing the improvements and installing
